

Welcome to the 2024 Magnolia Society Seed Counter

The Magnolia Society International is pleased to announce the Seed Counter is open for business! Once again we are grateful to our members who were able to collect, clean, and contribute seed from a diverse assortment of taxa generated via open pollination, hand crosses, and wild collection. Despite some unseasonably cool weather in areas that affected flowering, we have a diverse array of taxa to offer. We are very sorry for the shipping disaster that occurred last year. Having learned from those issues we know which carriers to avoid this year.

All seed received has been stratified and is ready to germinate. Float tests have been performed so that all seed distributed is filled and viable to the best of our knowledge. We cannot guarantee germination. This year we will use sphagnum with seed mailed within the United States, and perlite with seed mailed outside the United State. If an alternate or no substrate would be preferred by inspectors in your country, please let us know (parrisk@scsc.edu).

Thank you for participating in this year's seed counter. By doing so, you are helping promote interest and fund research related to conservation and cultivation of this valuable group of plants.

Please order using our online seed order option - your order and payment will be recorded immediately and the online form automatically calculates the cost. Orders will be filled in the order received; online orders are time-stamped, and you can order online right away versus the delay caused by mailing an order.

Online Orders (preferred method):

Order online using our website (www.magnoliasociety.org). Log in with your email address and password - select Members and go to the seed counter page. You will see a link for the seed counter online order form on the right side of that page.

The online order form will total your order and include the postage.

Mail In Orders (Postal Mail Only)

Orders will be filled in the order received, so we encourage online orders. If you prefer to mail in orders, please send order form and payment to Beth Edward, 3000 Henneberry Rd, Jamesville, NY 13078 USA. We accept checks (in US Dollars) and will also accept credit card information that is sent via postal mail. PLEASE DO NOT SEND EMAIL ORDERS OR CREDIT CARD INFORMATION VIA EMAIL. If you send your order by postal mail, please make sure to include your name and the address where the seeds should be mailed. (Every year we receive at least one order without any identifying information on it). If you would like to receive an email when your order has been received, please include your email address.

Order Quantities / Limits

This year we have 3 categories of seeds: Open Pollinated, Wild Collected, and Hand Crosses. You may order as many different types of open pollinated seed as you would like (but not more than one packet of each type). You are limited to two packets each of the Wild Collected and Hand Crosses.
