

## Research Grants Available

The Research Committee of the Magnolia Society announces that grants for research on Magnolias are available. The Grant Program exists to encourage and support research related to Magnolias and the Magnoliaceae. Authors of successful proposals may be awarded as much as \$2,000 (U.S. funds). Funds may be expended over a period of one to three years, at the discretion of the recipient, except they cannot be used for institutional overhead. Grants are provided to deserving recipients with the understanding that research results will be published in *Magnolia*, the journal of the Magnolia Society, a non-refereed publication. If you are unfamiliar with research published in the Journal, you may review back issues, which are available in many horticulture libraries. Or, you can obtain a sample copy of the journal from Roberta Hagen, 6616 81st St, Cabin John, MD 20818.

### ***Proposal Guidelines***

All proposals must be received by November for consideration in the following year. Proposals will be evaluated by a TMS research committee, and awards will be based on the perceived value of the research to the Society's members and the probability of successful accomplishment. The format for the proposals and suggested areas of research are available online at <http://www.tallahassee.net/~magnolia/>. If you do not have Internet access, you may contact John Tobe at the address given below and request that an application form be mailed to you.

### Magnolias and Other Garden Aristocrats—Our 40<sup>th</sup> Year

We now grow nearly 600 magnolia species and cultivars and over 4400 other rare and hard-to-find trees, shrubs, perennials, bog plants, fruit trees, natives, et cetera.

Our large, new 276-page catalog, *Magnolias and Other Garden Aristocrats*, is available for \$6.00 per copy. This catalog includes 48 splendid color photos. Foreign or overseas customers are asked to send \$15.00 for the catalog to help with airmail postage and handling. The cost to send the catalog to Canada is \$9.00 per copy.
